## A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent dealer and who up to a few weeks ago had become a recluse because of his physical condition, tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business, working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company. My bookkeeper, who has been with me a long time, one day suggested that I needed a rest and that my nerves required attention. She told me that her father had been in the state of health which I was experiencing and that he had taken Phosphated Iron. Look at him now," she said. "He works ten hours a day and appears to be the happiest man in the world, which he believes he is, he says."

"All this happened less than a month ago. I followed the advice, and look at me now. Back in the harness with a smile all the while. I am feeling more fit than ever. When I see a tired-looking face, the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn-out body into a life rich in thought, ambition and enthusiasm."

Special Notice.—To insure physicians and patients receiving the genuine Phosphated Iron, we have put up in capsules only, so do not allow dealers to substitute pills or tablets. Insist on the genuine, in capsules only.

#### TALK OF THE TOWN

Special meeting of Canton Vinton Friday evening at 7 o'clock for practice. Secure your tickets early for the St. Patrick's day celebration in Howland hall March 18, as only a limited number can be accommodated.—adv.

Wanted: Old kid gloves for the Red Cross. Those who have not contributed to the glove boxes will kindly bear in mind that these receptacles are in the following places: The Homer Fitts store, F. D. Ladd store, Union Dry Goods store, Park theatre, Spaulding hall.

Firemen with the automobile truck made a short run to the east end of Elm street at 6 o'clock last evening to attend to a chimney fire in the John W. Averill house, which is occupied by Walter Emery and Harley Bond. The upper part of the building was filled with smoke but no damage was done otherwise.

A succession of queries received at police headquarters from the colonel of the 1st Quebec regiment has put the officers in something of a quandary, as the commander inquires in each letter as to the whereabouts of Peter Kelly, the young Canadian soldier, who was taken in custody by Barre and Orange county officers on the Brookfield road a fortnight ago. Soon after Kelly's detention at local police headquarters, he was turned over to U. S. Deputy Marshal George F. Lackey, and the latter proceeded with him to the border, and there turned him over to a Canadian immigration officer. At the meeting the U. S. officer issued that Kelly could not be classified as a deserter, as he had not been absent from his barracks 21 days. The letters which Chief Sinclair is receiving from Montreal indicate that Kelly has not returned to his regiment.

Representatives of the advertising agency which "carries" the national advertising of the Barre Quinners and Manufacturers' associations, and members of the local advertising committee were in conference at Manufacturers' hall to-day over the third year of the campaign launched with such signal results in 1916. D. J. MacNichol and E. E. Alley of Boston and A. L. Gale and E. F. Sawin of Chicago, Ill., arrived in the city this morning, and are staying at Hotel Barre while their customers are conferring over certain phases of the 1918 campaign. It is expected that the Saturday Evening Post advertisements will be continued, and a number of other periodicals of nation-wide circulation are to be patronized.

Street talk these days has for one of its interesting topics the proposal to establish a deer park somewhere in Barre. Business and professional men are favorably disposed toward the suggestion, and the fact that a nucleus for the movement additional momentum. Should someone offer the use of a small tract of land conveniently located in the city limits it is believed that a public deer park would be assured, as there are men ready to finance the relatively small cost of erecting shelter and a suitable enclosure. With the full consent of the county game warden, the deer that sought refuge from dogs last week, is being kept at Cutler Bros' livery barn. Among attendants of the little wanderer it is an open secret that the deer population of Barre is about to receive a boost, and with a doe and a fawn for a beginning, it is thought that other deer may be secured from the state if the public shows a willingness to maintain a park.

## Sage Tea Darkens Hair to Any Shade

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.
